During the month of May 50 new national banks were organized, making 1,010 since the new law went into effect on March 19, 1900.

Mauna Loa, the Hawaiian volcano, which went out of business twenty years ago, resumed on May 24th and was spouting flames, lava and other stuff in grand style.

The German steamer Kron Prinz Wilhelm broke the record by a run from New York to Plymouth, England, last week, in 5 days, 11 hours and 3 minutes, her average speed being 24.53 knots an hour.

Major Glenn, in Samar, who was acquitted on charge of cruelty to a Filipino, said he took the water cure himself before administering it, and didn't think it very bad. We'll wager there was more whiskey than water in what he sampled.

When that Baptist church in Little Rock expelled Gov. Jeff Davis for getting rocky too often and doing other things not endorsed, his home church, at Russellville, opened its arms and took him in. The Governor and his friends think this evens up.

Some scientist in Tacoma has discovered a process of hardening gypsum to the hardness of marble. By his process gypsum cut into statuary and other forms may be quickly converted into marble by chemical agencies. There is a fine opening for this fellow in that great gypsum field in Mexico.

The Shah of Persia, who is now in Europe, is so much afraid of accidents that he will not travel on a train that makes more than eight miles an hour. Perhaps he hasn't had his life insured. If he were in this country and insisted on traveling on that slow schedule he would have to walk or hire a hack.

And now they say there is a racket brewing between the President and Mark Hanna about some crooked politics in Ohio, which Hanna didn't want to have investigated, but which the President insists upon investigating. It seems Hanna's friends have been trampling on the civil service business.

COAST LINE OFFICES WILL REMAIN HERE.

Member of Charleston City Council Reports That He Has That Information from Mr. Walters.

In its report of the previous night's proceedings of the City Council of Charleston, the *News and Courier*, of yesterday, says:

"Alderman Rhett reported that in pursuance of the resolution of City Council he had visited New York and had conferred with President Walters, of the Atlantic Coast Line, in regardto the proposed removal of the company's offices here, and Mr Walters had said that the company did not propose to remove its headquarters either at present or in the near future, but that in the event of such removal being contemplated later on he would be glad to hear from the city again in the matter.

"Alderman Melchers suggested that the franchises granted the company provided for the establishment of shops and office in Charleston, and upon motion the matter was referred to the corporation counsel to investigate and report at the next meeting of Council."

PRETTY CHURCH ENTERTAINMENT.

Mr. and Mrs. Felger the Hosts at an Enjoyable Lawn Party Last Evening.

The lawn party held at the hospitable home of Mr. and Mrs. Felger last evening was not so largely attended as the entertainments given by the ladies of St. Paul's Episcopal church usually are; but there was a nice social gathering that was greatly enjoyed. The music feature was the most prominent. Miss Mattie Horne, a fine mezzo-soprano, sang in excellent style the solos "The Rosary" and "Asthore." Miss Willena Berry rendered most charmingly, "Home to Their Nests the Swallows Fly;" and Miss Edna Toomer played with fine expression and effect "The Hungarian March." Miss Lizzie Kirkham, one of the most accomplished of our young pianists, was the accompanist and added much to the pleasure of the occasion. The humorous recitations of Rev. Dr. Dickinson were rendered in his usual felicitous style. After several amusing games, a vigorous attack on the refreshment tables and a unanimous vote that Mr and Mrs. Felger were experts in gracious hospitality, the gathering adjourned.

Referee Hearing Adjourned.

The referee hearing in the case of Theo. F. Koch vs. L. C. Porter, et al., which has been in progress the past two days in the Court House before G. B. Patterson, Esq., was adjourned yesterday morning until September, the exact date to be set later. Not all the plaintiff's testimony was in when the adjournment was taken. The case comes from Columbus Superior Court and involves the title to about 10,000 acres of land in that county. All the parties to the suit are Minnesota people.

The Great Freight Engines.

Fayetteville *Observer* 11th: "The hoisting engine, for handling freight on and off the steamers of the Wilmington Steamboat Company, reached here this morning over the Coast Line railroad, and will be at once put in position at the river wharves of the company, where work has been hustling for some time for its reception. It is a magnificent piece of machinery, complete in all its appointments, and weighing over 15,000 pounds."

Moonlight Excursion To-night.

A delightful moonlight excursion will be given by Capt. Harper on the steamer *Wilmington* to-night. The boat will leave her wharf at foot of Market street at 7:45 and return to the city at 10:45, touching at Carolina Beach pier. The fare is only 15 cents.

New Postoffice Clerks.

The clerical force at the Wilmington postoffice has been increased three by the Department, and the new clerks will begin work July 1st. The appointment will be from the number who have passed the Civil Service Examination

Coming by Water.

Fayetteville *Observer*: "Two students, Messrs. Reston Stevenson and H. B. Short, Jr., are said to be making their way eastward from Chapel Hill by boat over the interior streams, and are expected to reach this place some time to-day."

LOCAL DOTS.

— Three delinquent city license tax payers were each fined $25 and required to pay the costs in the police court yesterday.

— Will Thomas and Thos. Wells, both colored, were sent to jail yesterday for the Superior Court to answer charges of stealing a pistol from the store of Chas. Scherer, Eighth and Swann streets.

— Dr. Frank O. Rogers, formerly of Concord, N. C., but now of the medical and surgical staff of St. Joseph's Hospital, Baltimore, is among the prominent physicians in attendance upon the Medical Society meeting at Wrightsville. Dr. Rogers has many friends here, who cordially welcome him to the city.

STATE PHYSICIANS.

Second Day's Sessions of the North Carolina Medical Society at Wrightsville.

EXAMINING BOARD RESULTS.

An Unusually Large Number Passed the Examination—Officers and Committees for the Ensuing Year—May Adjourn To-day—Dance.

The second days' sessions of the 49th annual meeting of the North Carolina Medical Society came to a close with a magnificent complimentary ball last night at the Seashore Hotel, in which more than a hundred visiting physicians, their families and invited guests participated. Many young people from the city, composing the membership of the german clubs, went down for the event and returned on a late train this morning.

Yesterday's executive sessions were fraught with much interest and profit for the medical fraternity and the public in general.

An interesting feature of the morning session was the announcement of the successful applicants before the State Board of Examiners, who are licensed to practice medicine. The number which passed broke all previous records—72 out of a class of 86. It was an exceptionally fine class, and while the examinations were not considered unreasonable, they were rigid and very thorough. The two lady applicants were successful and four out of the six negroes passed. The full list of the successful applicants is as follows:

Richard H Johnson, Baltimore, Md; Herbert H Waite, Asheville; Fred W Phifer, Statesville; Samuel M Withers, Davidson; John Walker Jones, Boone; Charles Lee Duncan, Beaufort; J P Matheson, Taylorsville; Robert Harllee Bellamy, Wilmington; Jacob H Shuford, Hickory; Edith E. Blackwell, Greensboro; Katharine P Hayden, Raleigh; Lloyd P Russell, Fletcher; William H Boon, Elon College; Jas Frampton, Hendersonville; Joseph Graham, Hillsboro; E A Hennessee, Glen Alpine; William K Lane, Goldsboro; McLain Rogers, Clyde; R F Hicks, Faison; E McD Yount, Conover; J Rufus McCrackin, Clyde; L C Covington, Vanceboro; A B McQueen, Raeford; Ira Hardy, Washington; J N Taylor, Pittsboro; W W Washam, Davidson; L R Kirkpatrick, Blackstock; P M King, Concord; L C Skinner, Davidson; J W McLean, Cameron; J E Cothell, Tyro Shops; P H Williams, colored, West Raleigh; J W Walker, colored, Asheville; C S Brown, colored, Wission; W B Sharp, colored, Harrellsville, A W Watkins, Reidsville; L McIver, Sanford; J R Paddison, Mt. Airy; George P Edwards, Hillsboro, George E Morton, Granville; P F Barnes, Elm City; J L Weetz, London; C E Reitzell, Liberty; A R Gerard, Flat Rock; H Byrne Maxwell, Whiteville; F R Cook, Louisburg; J A Sisk, Harmony; J W Williams, Warsaw; C D Wiseman, Henrietta; E S English, Brevard; E A Hauser, Falston; L B Harrell, Caroline; McGhee Anders, Connelly Springs; George Oates, Grover; Charles E Reed, Hot Springs; George Huntington, Asheville; W T Exum, Jr., Saulston; H S Munroe, Lenoir; George Kirby Collier, Wilmington; George H Castner, Lincolnton; John Lewis Hanes, Winston; S C Keerans, Charlotte; H D Walker, Creswell; Pride J Thomas, Wilmington; E W Phifer, Morganton; J McK Hunter, Cherryville; J L Ballou, Crumpler; William H Grant, Pine Bluff; J Warren Bailey, Mineral Springs; H W Williams, Mills; C P Rogers, Raleigh; E M Gale, Warrenton.

The class of applicants for license was led by Dr. Arthur Gerard, of Flat Rock, N. C., with a record of 92 5-7. The second highest mark was by Dr. John L. Hanes, of Winston, who made 91 5-7.

The morning session of the Society began at 9:30 o'clock with an increased attendance, Dr. Robert S. Young, of Concord, presiding. Reports of sections were heard and a number of committees was appointed. The interesting feature of the session, however, was the election of a Board of seven Medical Examiners for the ensuing six years as follows, in the order of the vote each received: Drs. Frank H. Russell, of Wilmington; M. H. Fletcher, Asheville; J. M. Parrott, Kinston; C. J. O'Hagin Laughinghouse, Greenville; George W. Pressley, Charlotte; J. A. Kent, Lenoir, and J. T. Battle, Greensboro.

The vote received by Dr. Russell was decidedly complimentary and places him high in the ranks of the profession in the State.

At the morning a number of valuable papers were also read, some of which were as follows: "The Mattison Method of Morphinism," Dr. W. P. Ivey, of Lenoir; "Should the State Extend Her Public Charities," Dr. S. E. Koonce, Polloksville; "Medical Jurisprudence," Dr. J. L. Nicholson, Richlands.

At noon a conjoint meeting with the State Board of Health was held.

The Afternoon Session.

The feature of the afternoon session was the annual election of Society officers as follows:

President—Dr. A. W. Knox, Raleigh.

Vice Presidents—Drs. E. G. Moore, Elm City; C. A. Julian, Thomasville; W. W. McKenzie, Salisbury; J. L. Nicholson, Richlands.

Secretary—Dr. J. Howell Way, of Waynesville.

Treasurer—Dr. G. T. Sikes, of Grissom.

Hot Springs, N. C., was decided upon as the next place of meeting, the time to be fixed by the local board of entertainment. Raleigh and Greensboro were bidders for the meeting.

Another feature of the afternoon's proceedings was the reading of valuable papers on railway surgery, which came up from that committee of which Dr. I. H. Manning is chairman. A timely paper and one that was thoroughly enjoyed in this connection was read by Dr. George G. Thomas, of Wilmington, who had for his subject: "Relief Departments in Railway Surgery." Dr. Thomas' paper was regarded by the Society as one of the very best presented.

Another valuable paper was that on "New Methods of "Restoring Hearing and Speech to Deaf Mutes" by Dr. M. M. Stapler, of Macon, Ga.

Last Night's Session.

Before the hour for the dance last night, one of the most interesting sessions of the day was held. A pleasing incident was the presentation to the Society of a handsome oil portrait of the late Dr. Chas. J. O'Hagan, of Greenville, which will be placed in the State Library. The presentation speech was by Dr. Richard H. Lewis, of Raleigh, and it was received in behalf of the Society in a neat speech by Dr. G. G. Thomas, of Wilmington. Dr. Lewis in presenting the portrait referred to Dr. O'Hagan as possessing a strong and vigorous intellect, adorned with a scintillating wit and genial humor. This was highly developed by a thorough education, finished at the University of Dublin. He was familiar with the classics of ancient Greece and Rome, and as a conversationalist Dr. Lewis described him as charming. He was a man of warm and generous heart, which secured for him unfailing affection; a friend of the weak and oppressed.

Upon report of the nominating committee the following were chosen for 1903:

Orator—Dr I H Manning, Chapel Hill.

Essayist—Dr G A Moye, Greenville.

Leader of Debate—Dr A S Pendleton, Warrenton.

Board of Censors—Drs Francis Duffy, Newbern; W H Whitehead, Rocky Mount; Kemp P Battle, Raleigh; W P Whittington, Asheville; W H Wakefield, Charlotte.

Legislative Committee—Drs R H Lewis, Raleigh; T E Anderson, Statesville; P L Murphy, Morganton; J W McGhee, Raleigh; J F Highsmith, Fayetteville.

Obituary Committee—Drs D J Hays, Oxford; W C Galloway, Wilmington; J W Jones, Goldsboro.

Delegates to American Medical Society—Drs E C Laird, Hot Springs; Eugene B Glenn, Asheville; E G Goodman, El Paso; D A Stanton, High Point; J C Walton, Reidsville.

Delegates to Medical Society of Virginia—Drs A Cheatham, Durham; H T Bass, Tarboro; J A Williams, Reidsville.

Delegates to South Carolina Medical Society—Drs J M Flippin, Salisbury, J M Blair, Monroe, A J Crowell, Charlotte.

The nominating committee was composed of Drs W W McKenzie, Salisbury; W H Cobb, Goldsboro; J C Walton, Reidsville, and D J Hill, Statesville.

Programme For To-Day.

The society will meet in the forenoon to-day and probably adjourn early. Members of the Society will come up to the city about noon and become guests of the local entertainment committee on a complimentary trip down the river to Southport and Fort Fisher on the steamer *Wilmington*. Capt. Harper will be at his best as host and the doctors and their friends are assured of a royally good time.

DEATH OF MRS. BLAND WALLACE.

Aged Lady of Kenansville Passed Away Yesterday—Relatives in Wilmington.

A telegram from Mr. R. W. Wallace, at Kenansville, conveyed to friends in this city the sad news of the death early yesterday morning of his mother, Mrs. Bland Wallace, which occurred after a lingering illness at the family home in Kenansville.

Mrs. Wallace was about 65 years of age and was the wife of one of the most useful and influential citizens of Duplin. She was a most estimable Christian woman; a consistent member of the Baptist church and one whose place in the community will be hard to fill. The bereaved family have the sincerest sympathy of a host of friends. Besides her husband, Mrs. Wallace is survived by three sons, Messrs. R. W. and Hugh O. Wallace, of Wilmington, and Mr. William Wallace, of Atlanta; and three daughters, Mrs. J. E. Sprunt, of Dillon, S. C., Mrs. Lon Burch, and Miss Mary B. Wallace, of Kenansville.

The funeral was conducted yesterday afternoon and the remains were laid to rest in the family burying grounds.

MR JNO. S. ARMSTRONG PRESIDENT.

Succeeds Mr. Norwood at Atlantic National Bank—Mr. Norwood Vice President.

Mr. J. W. Norwood has resigned the presidency of the Atlantic National Bank of this city, and Mr. John S. Armstrong, the vice president, has been chosen to succeed him. Mr. Norwood becomes vice president, succeeding Mr. Armstrong. Asked about the change yesterday, a prominent official of the bank said:

"There has been no change whatever in the mnnagement of the Atlantic National Bank.

"Mr. Norwood simply retired as president, and has been elected as an active vice president, and expects to continue for years in this position, and to earnestly work for the bank, and the upbuilding of its business, in which he feels as much interest now, as at any time in the bank's history.

"Mr. Armstrong retired as vice president and has been elected president, and the bank will continue under exactly the same management in the future at it has had in the past."

The members of the Press Association of the State who have not done so are requested by the Historian, Rev. P R. Law to forward to him at once at Lumber Bridge, N. C. the data usually given to write the history of the association for the year.

The three hundred odd spectators at Hilton Park yesterday afternoon saw with much pleasure what Wilmington's reorganized team can do with an effective pitching staff. The boys went to work like Trojans and won in a beautiful game from start to finish. Sweeney was in the box for the locals and pitched the game of his life. He really deserved a shut-out to his credit, but an error by Hines in left field in the eighth inning cut out the strong probability.

Mr. Sherman in the judgment box was decidedly off in his decisions affecting Wilmington, but that did not fease the rising Giants and they won out, score three to one.

Sweeney didn't allow a single hit until the seventh inning and had his head with him throughout the game. The hit in the seventh, however, availed nothing, for he had just made a monkey of Davis and a pretty double from Lawson to Dommel ended the spasm.

The lonesome run of the Wake boys came in the eighth. Hook was out, pitcher to first and Childs hit double to left. Pastor likewise went out, Sweeney to first, and on Hines' muff of Soffie's high fly with the sun in his eyes in left field, Childs crossed the pan.

The locals started up the run-getting machinery in the third inning. Sweeney got life on error of first and went to second. Mathison flew to second and Hines to centre. Dommel flew to centre and on Lattin's muff, Sweeney came home.

In the fourth the second run came. McGinnis was out, third to first; Deiters walked and went to second on catcher's passed ball, stole third and after Holland had walked, he came home on another error in first.

In the seventh the third tally was made on Traeger's muff of Sweeney's long fly to left and Hines' single to centre, after O'Neill had gone out, pitcher to first, and Mathison had drawn a pass.

The fielding of the visitors was fine and Childs pitched in great luck. Hit after hit was cut off by sensational plays and the wonder is that more runs did not fall to the locals. The figures are these:

Summary: Stolen base, White, Deiters and Holland. Two base hits, Davis and Soffie. Double plays, Lawson to Dommel, Sweeney to Lawson. Base on balls, off Childs 6. Struck out, by Childs 2, Sweeney 8. Hit by pitched ball, Pastor and Davis. Wild pitch, Childs. Time, 1:35. Umpire, Mr. Sberman.

Sweeney, in Fine Form, Pitched a Great Game.

— Greensboro to-day. Now, lets see if we can't lower its colors.

— Dieters, the new player at third base, made a good impression.

— Please note that of the last six games played with Rafeigh Wilmington has won three.

— Traeger's case was quashed in the police court yesterday. Fisher did not desire the prosecution.

— President Gerken left last night for Raleigh to represent Wilmington at the League meeting.

— And the G. O. C. F. bore off the batting honors in good shape. Hurrah for Misther O'Ginnis.

— Dommel has made but one hit this week; but he's going to do something to-day. Watch him.

— Energetic efforts are being made to strengthen the pitching department of the Wilmington team.

— And Newbern took two out of three from Greensboro. What will Wilminton do to the Greenies.

— The Durham Bulls trampled the Charlotte Hornets in the dust yesterday. "It's a long lane that has no turning."

— Just before reaching the plate Sweeney's balls became enveloped in a mist. This much apologetically for the Terrible Turtles.

— It would have been a shut-out but for an unfortunate error of Hines in left field, which enabled one of the Turtles to crawl home.

— Manager Mace is after Pitcher Herbert, of York, Pa., late of the Pennsylvania League. He is 6 feet tall and tips the beam at 190.

— A ball knocked by a Turtle into right-field, and looked like a safe hit, was fielded so quickly by Holland that the runner was thrown out at first base.

— Emboldened by his wonderful success in winning thirty cents yesterday, the horse editor is now threatening to bet a nickel that Wilmington wins to-day.

— The attendance was about 300. It would have been much larger if the cranks had expected a victory. Go to the game this afternoon and help swell the average for the week.

— Sweeney was in fine fettle and pitched a beautiful game. His all-around work, too, was highly creditable. He made two of the three runs.

— Smarting under defeat, the horse editor remarked yesterday that he "felt like thirty cents," and that he intended to bet that amount on Wilmington. Well, he made the bet, and now he feels like sixty cents.

— Pitcher W. A. Kains, of Washington, has been secured by Manager Mace from Manager Tom Loftus, of the Washington American League team, and a ticket will be wired him to-day. He will probably go in the game Saturday.

— Manager Mace has a very complimentary letter from President Busbee, of the League, complimenting him upon taking the management of the Wilmington team, but at the same time regretting to lose him as an umpire. Mr. Busbee also compliments the Wilmington team upon securing the new manager.

A PRETTY MORNING WEDDING.

Miss Annie Virginia Bell Became the Bride of Mr. Buffinger, of Pennsylvania.

A very attractive morning wedding took place yesterday at St. Paul's Episcopal church, the contracting parties being Mr. William G. Buffinger, of New Castle, Pa., and Miss Annie Virginia Bell, a most estimable young lady of this city.

The ceremony took place at 8 A. M. to enable the happy couple to leave on the morning train for their wedding tour. Although the wedding was a quiet one, yet everything passed off in remarkably good taste, and the precision and neatness of all the arrangements were apparent.

At the appointed hour the bride entered the church upon the arm of her brother-in-law, Mr. Matt Heyer, and upon reaching the chancel the bridegroom entered from the vestry room and took his appointed place, when the marriage ceremony was rendered with great beauty and solemnity by the rector, Rev. Dr. Dickinson. The bride was attired in a handsome travelling dress and her appearance elicited much and deserved admiration. Before taking carriage for the train the couple paused for a short time in the choir room of the church to receive the congratulations of their friends.

Miss Bell will be greatly missed by the congregation of St. Paul's, having been a faithful and efficient member of the choir for the last six months. The couple will make their permanent home in New Castle, Pa., where Mr. Buffinger is a prominent business man. The wedding marches for the ceremony were effectively rendered by Prof. A. H. Yopp, organist of St. Paul's.

ANNUAL MEETING OF TRUCKERS.

They Will Assemble Here Next Wednesday. Executive Committee Met Yesterday.

The Executive Committee of the East Carolina Truck and Fruit Growers' Association met here yesterday noon in the Merchants' Association rooms in the S. A. L. building, Chairman W. L. Hill, of Warsaw, presiding. Other members in attendance were Dr. Geo. F. Lucas, of Currie, secretary; Dr. E. Porter, of Rocky Point; Mr. J. A. Westbrook, of Mount Olive, and Mr. J. S. Westbrook, of Faison.

About the only matter of public interest transacted was the decision to have the annual meeting of the Association at the Court House in this city next Wednesday. The Directors will meet the evening before at the Seashore Hotel, Wrightsville Beach, and arrange matters for a proper presentation to the Association the day following.

Confirmation at the Temple.

The service and confirmation at the Temple of Israel yesterday, Shabuoth 5682, was very pretty and impressive and was attended by a large congregation. The sermon was by Dr. S. Mendelsohn and the class for confirmation consisted of Miss Julia Bear, Miss Ray J. Solomon, Messrs. Frederick D. Bear, and Jerome H. Waxman.

Transfers of Real Estate.

By deeds filed for record yesterday W. M. Cumming and wife transferred to A. C. Skipper and wife for $50 and other valuable considerations, lot on east side of Sixth between Nun and Church streets, and Jane Troy transferred to Nathan Schloss and wife for $900, lot on south side of Church between Third and Fourth streets.

NEGRO LINEMAN KILLED.

Inter-State Telephone Company Employe Jumped from Breaking Pole.

[*Special Star Telegram*]

RALEIGH, N. C., June 11.—About 6 o'clock this evening Manuel Palmer, a negro lineman in the employ of the Inter State Telephone Company, was killed by the breaking of a cable distributing pole. He was tightening the wires, when the pole snapped in two below the cable box. Palmer jumped, fell to the pavement and died instantly. Another lineman on the pole saved himself by holding to the cross arms of the broken pole, which was caught by a network of wires over a lower pole.

THURSDAY MORNING, JUNE 13.

AN INDIANA DECLARATION.

The State Democratic platform of Indiana makes the following declaration on the Philippine question:

The Filipinos cannot be citizens without endangering our civilization; they cannot be subjects without imperiling our form of government, and, as we are not willing to surrender our civilization to convert the republic into an empire, we favor an immediate declaration of the nation's purpose to assist the Filipinos to establish for themselves an independent government, protecting them from outside interference, and securing to this country such commercial and naval rights and advantages as would be just and fully and fairly protect American interests.

In commenting upon this the New York *Times*, which is a non-partisan, but an expansion paper, calls it a "brutally frank" declaration. We see the frankness, the honesty, but we fail to see where the "brutally" comes in, unless frankness is brutality. If there is any brutality in it then there also was brutality in the McEnery resolution which was adopted just after the ratification of the Paris treaty, and substantially pledged this Government to recognize the independence of the Philippines as soon as that could be done consistently with the interests of the Philippines and with the interests of the United States. That resolution declared that it was not the intention of this Government to take the Filipinos in as American citizens, and disclaimed any intention of retaining permanent possession of the islands, and therefore the Filipinos could not be made subjects, nor be held as colonies. This is substantially what that resolution declared, and it was either "brutally frank" or shamefully dishonest.

But whether all the Senators who voted for it believed and agreed with what it said Senator McEnery did, and so did the masses of the American people. They did not see anything "brutally frank" in it, and yet the declaration of the Democracy of Indiana is substantially a reiteration of that resolution which was adopted by the U. S. Senate without a dissenting vote.

The *Times* pronounces it "brutally frank" because it would turn people who are not fit to become American citizens over to their own tender mercies. It would be brutal and inhuman to turn over to a people who were not fit to become American citizens the task of governing themselves, the effort to do which would result in self-destruction and chaos. Therefore to abandon them to themselves would be, according to the *Times*, inhuman.

This does not follow by a good deal. These people might never be fit for American citizenship, and yet they might be entirely competent to organize and conduct a government which would be suitable to them, while differing in every way from such a government as we might give them.

There are many people who do not believe the Cubans are fit for self government. Admiral Dewey didn't believe they were as well qualified as the Filipinos are, or were before he revised his opinion. But we have recognized the independence of Cuba after we had helped the Cubans to organize a government for the island. It took us three years to do it, or we took three years in which to do it. Why did we do it? Because we pledged this country at the outbreak of the war with Spain, that territorial aggrandizement had no influence in moving this government to intervention, and that when peace was restored and stable government established we would withdraw our soldiers from the island and turn its government over to its own people. We did that. Why? Because we were solemnly pledge to do it, a pledge given not to the Cubans, who had no fears on that question and were perfectly willing to take the chances of a change of masters, but to assure the world that we had no selfish, no self-aggrandizing motive, thus allaying any apprehensions that other governments might have on that point and guarding against intervention against us while we were intervening in behalf of the Cubans. That was doubtless Senator Teller's idea when he framed and offered his resolution—to quiet the apprehensions of nations that might think our object in intervening was to drive the Spaniards out of Cuba and then take possession of it ourselves.

We were morally and in good faith as much bound by the McEnery resolution, which was adopted by the Senate, as we were by the Teller resolution, for although phrased in somewhat different language it said substantially the same thing, it was 'a disclaimer of territorial aggrandizement and permanent occupancy, and virtually pledged as much for the Filipinos as we promised to the Cubans.

The Indiana declaration is in accord with both of these resolutions, says no more nor no less. It simply demands that this government live up to its pledge, and let the Filipinos be the architects of their own destiny. If it be "brutally frank" it is only because it is frankly honest. It does not demand that this government turn the Filipinos adrift to "paddle their own canoe" without any warning or preparation. It does not demand the immediate withdrawal of our army from the archipelago; it only demands that this Government make an immediate declaration of its purpose to assist the Filipinos to establish for themselves an independent government, protecting them from outside interference, and securing to this country such commercial and naval rights and advantages as would be just and fully and freely protect American interests.

This is no sudden turning of the Filipinos adrift, to become the victims of self-destruction and chaos; it is simply doing practically for them what we did for the Cubans, and securing from them in return advantages similar to those we secured from the Cubans through the Platt amendment. The Democrats of Indiana are "brutally frank" only because they are in favor of carrying out our pledges, and have the courage and honesty to substantially reiterate those pledges in the face of the land-grabbers, who would forget or ignore them.

LOPSIDED PROSPERITY.

Every Republican convention that meets these days congratulates the country on the great era of prosperity, and this in the face of labor strikes all around them. That there has been for some years and is now great business activity and a good deal of prosperity will not be denied. But who are prosperous? Is it the wage earner, the thousands of workmen who are asking for higher wages because they find it so hard to support their families on the wages they receive? The trusts and the combinations are prosperous, some of them counting their profits by the millions, but that is a lopsided prosperity when the owners of capital make ten, twenty or fifty per cent. profits while the toilers whose labor makes it for them have to scuffle hard from ten to twelve hours a day to provide the necessaries of life for themselves and families.

Wages may be as high or even higher than they were a couple years ago, but the trusts which control nearly all the necessaries of life have advanced prices until the cost of living has been increased thirty per cent. or more. This is prosperity for the trust, but where does the wage earner's prosperity come in?

According to the statistics of the U. S. Labor Bureau there are 15,000,000 wage earners in this country whose average earnings amount to $400 a year. There are at least three persons to be supported out of this, which would give them $11.11 each per month, for food, clothing, doctor's bills and medicine, if sick, and other things. Each would have about 18 cents a day for food, while food is thirty per cent. higher now than it was two years ago. Perhaps they should be thankful for even this much, but have they any reason to be jubilant over their "prosperity?"

Senator Hanna, with monumental assurance, sings his old song "let well enough alone," in the chorus of which the trusts and other combines join, but is it "well enough" for the toiler who has to support himself and two dependents on $33.33 a month? And there are 15,000,000 of them in this trust-ridden country.

M'ADAMIZED ROADS.

We saw a statement a few days ago that the county of Mecklenburg has ninety-five miles of McAdamized public roads. We knew that Mecklenburg was far ahead on her roads, but we had no idea she had done so well. This work has been done mainly if not altogether by convict labor, which makes the convict a help instead of a burden in that county.

Mecklenburg is one of most prosperous counties in the State, while Charlotte is unquestionably one of the most, and we might say *the* most prosperous and progressive city in the State. It doesn't require any argument to show that both of these are largely the result of the good roads with which the county is supplied, focusing in Charlotte and making that the trade center not only for the county, but for adjoining counties whose people take advantage of these good roads and go to Charlotte in preference to their own towns, which may be nearer, but are harder to reach.

We know that the farmers along the roads or adjacent to them have been immensely benefited by them for their lands have doubled or trebled in value, and the growth of Charlotte (one of the results of the good roads) has given them a market for many things that there was no inducement to raise before because there was no market for them. Diversified farming has to a great extent taken the place of the one crop system and as a result the farmers have more money in their pockets, are more independent and live easier and more comfortably. This is to a greater or less extent the story of good roads everywhere. They are a great thing for both country and town. Mecklenburg has set an example that every county in the State should follow.

Kitchener got $250,000 for finishing up the unfinished job that Roberts got $500,000 for.

Buds and Flowers of Home Life.

PAINE'S CELERY COMPOUND

MAKES AND KEEPS THE CHILDREN WELL AND STRONG.

Mothers Make It the Home Medicine for the Little Ones.

The children, God bless them, are the buds and flowers of our homes. Without their prattle and hearty laughter our homes would be desolate. They should ever be carefully tended in childhood and youth, if we expect them to ripen into perfect men and women.

In the home and at school, the children have their times of ill-health and suffering. We often note the pallid and bloodless cheeks, heavy eyes, nervous movements and twitchings of limbs and muscles. They complain of headache, drowsiness, weariness, dyspepsia, and indigestion. All such symptoms and ailments mean that the seeds of disease will have a fast and firm hold, unless proper measures are taken to restore a perfect condition of health.

Thousands of wise and prudent parents have made their children happy, healthy, and vigorous by giving them nature's medicine, Paine's Celery Compound. In many severe and complicated cases, Paine's Celery Compound has restored health when the little ones were given up by physicians.

If your dear ones are not as hearty, strong, and rugged as they should be in June, try the health giving virtues of Paine's Celery Compound. It makes and keeps the children well.

A little cool-headed advice sometimes ends a good deal of bother. It so happened a few days ago at Camden, N. J., when Mrs. Strang filed an application for divorce. Her grievance was that her husband swore at her, and his provocation was that she persisted in singing when his ear was not tuned to that kind of melody. The more he swore the more she sang, and the more she sang the more and more calorically he swore. This was the wedge that did the splitting. The judge, who was a cool-headed dispenser of the law, suggested that perhaps they might compromise if the man refrained from swearing and the woman from singing. They took the hint, the application for divorce was withdrawn, and they went home as if nothing had happened.

CURRENT COMMENT

—— Was Aguinaldo so bad? Then why give him a "palace for a prison and retinue of attendants to serve him?" Is he the traitor, the murderer and the anarchist he has been painted? Then why pamper him at the public expense? To make an expensive pet of a prisoner is had in principle as to treat him with cruelty.—*Jacksonville Times-Union, Dem.*

—— It will be recalled that when Congress was call upon to make an appropriaton to pay the Cuban army Gen. Gomez claimed he had 40,000, men in line. But when we sent $3,000,000 down there and called for the roster there was a most remarkable shrinkage in Cuban patriotism. Can it be possible that Gen. Gomez's bill for professional services has been as recklessly drawn?—*Washington Post, Ind.*

—— The coal strike appears to be going the way of all strikes that last any length of time, the way of violence, first on the part of the strikers, and then of violent repression by the employers, aided by the Government. 'Tis true, 'tis pity, and pity 'tis 'tis true, but what is to be done about it? Surely the Republican party, which is in charge of the Government, and believes the Government has authority to do anything and everything, ought to devise some plan of settling differences between employers and employes without resort to violence.—*Charleston News and Courier, Dem.*

—— Gen. Roberts got an earldom and a grant of £100,000 for his services in the South Africa War, while Gen. Kitchener, who had far the harder work of the two, is made viscount and given a grant of £50,000. However, he is a young man, is unmarried, and is Commander-in-chief Designate for India, so in time he is sure to fill every post occupied by his superior, and probably will be given the same or richer rewards Besides, he received a grant of £30,000 and a barony three years ago for his service in Egypt. He is the most capable and serviceable soldier Great Britain has.—*Louisville Courier-Journal, Dem.*

COTTON MARKETS.

By Telegraph to the Morning Star.

NEW YORK, June 11.—The cotton market opened firm and three to five points higher, immediately following which there was a further improvement of one to three points on active general buying in which shorts and Europe figured quite prominently. The commission houses, however, were tardy buyers at the higher prices and prominent Wall street interests sold the August position for a reaction. The dominating influences at the start were dry weather reports from pretty much the whole belt, a forecast for continued fair weather South and firm Liverpool cables. For the rest of the day the market was a whimsical affair at best, frequently declining and advancing on the slightest provocation. A sudden lull in outside support and profit-taking caused a slump after an acute upward movement. Still later, there was a rapid recovery followed by a fresh downward movement under rumors of showers in western Texas. Early in the afternoon the market rallied somewhat, but once more weakened at the close under a general movement of longs to secure profits, the final bids being at about the bottom for the day. The crop reports received were generally bearish, noting good stands, well cultivated fields and rapid maturing. The dry weather conditions, however, led to fears of a possible drought, and it was on this that shorts ran for cover at the beginning of the session rather than fear of actual damage to the crop at the present time. The close was barely steady with June three points higher and the later months four to to seven points lower. Total sales were about 100,000 bales.

NEW YORK, June 11.—Cotton quiet and steady at 9 7-16c; net receipts — bales; gross receipts 1,479 bales; stock —not reported.

PRODUCE MARKETS.

By Telegraph to the Morning Star.

NEW YORK, June 11.—Flour was more active and a shade firmer. Rye quiet. Wheat—Spot steady; No. 2 red 78c. Options—Placing a bullish construction on the crop report, traders bought a good deal of wheat to-day, causing sharp advances. There was also support from foreign houses and outsiders but in the last hour profit-taking caused reactions and the close was easy at a partial ½c net advance. Sales included: July closed 78c; September 75½c; December 77c. Corn—Spot steady; No. 2 70c. Option market was steadied up by wheat and small receipts for a time, but finally eased off and closed only ½c net higher. Sales: July closed 67½c; September closed 63½c; December closed 40c. Oats—Spot steady; No. 2 46c. Options were firm early but eventually reacted. Tallow steady. Lard steady; Western steam $10 70; refined steady; continent $10 90; South American $11 50; compound 8¼@8¾c. Pork firm; mess $19 50@19 75; short clear $13 75@21 25; mess $18 50@19 25. CHICAGO, June 11.—Wheat pursued a zig-zag and erratic course to-day as a result of the bullish government crop report. Prices were forced higher and corn, aided by wet weather in some of the corn States and by a dint of more muscle exertion by the big bulls, followed after. Slumps came on profit taking, but in the end July wheat was 1@1½c higher; July corn ½c up, and July oats ½c higher. Provisions closed a shade to 37½c lower.

CHICAGO, June 11.—Cash prices: Flour easy. Wheat—No. 2—c; No. 3 spring 70@73¼c; No. 2 red 78@79c. Corn—No. 2 —c; No. 2 yellow —. Oats—No. 2 42¾c; No. 2 white 46@47c; No. 3 white 44¾@45¾c. DEMOCRATIC PLAN OF ORGANIZATION.

1. The unit of county organization shall be the voting precincts. In each precinct there shall be an executive committee, to consist of five active Democrats, who shall be elected by the Democratic voters at the several precincts in the meeting first called by the county executive committee. And said committee so elected shall elect one of [its members as chairman, who shall preside at all committee meetings.

2. The chairmen of the several precinct committees shall compose the county executive committee, which shall meet at the same time and place as the county convention first held in each election year, and elect a chairman of said county committee who need not be a member of the committee, and he shall preside at all meetings of said committee, and shall hold his place until his successor shall be elected. A majority of said precinct chairmen, in person, or by proxy, shall constitute a quorum. The county committee shall likewise appoint a central committee of five, who shall act in its stead when the county committee is not in session.

3. In case there shall be a failure on the part of any precinct to elect its executive committee for a period of thirty days, the county executive committee shall appoint said committee from the Democratic voters of said precinct.

4. The members of the precinct committee shall elect to any vacancy occurring in said committee.

5. The county executive committee shall call all necessary conventions by giving at least ten days' notice by public advertisement in three public places in each precinct, at the court house door, and any Democratic newspapers that may be published in said county, requesting all Democrats of the county to meet in their respective precincts on a common day therein stated, which said day shall not be less than three days before the meeting of the county conventions, for the purpose of electing their delegates to the county conventions. Thereupon the meeting so held shall elect their delegates to represent the precincts in the county convention from the voters of the respective voting precincts, which delegates, or such of them as shall attend, shall vote the full Democratic strength of their respective voting precincts on all questions that may come before said county conventions. In case no meeting shall be held in any precinct in pursuance of said call, or no election shall be made, the precinct executive committee shall appoint such delegates.

PRIMARIES.

6. At every precinct meeting there shall (before the delegates to the county convention are elected) be a vote taken for the different candidates for office, whose names may be presented and the delegates shall vote in the county convention of their respective districts in accordance with this vote; that is to say, each candidate shall receive in the county convention that proportion of the vote to which the precinct may be entitled which he received in the precinct meeting. The chairman and secretary of the precinct meeting shall certify to the county convention the vote received by each candidate at the precinct meeting.

7. Each precinct shall be entitled to cast in the county convention one vote for every twenty-five Democratic votes, and one vote for fractions of thirteen Democratic votes cast by the township at the last preceding gubernatorial election. Provided, that every voting precinct shall be entitled to cast one vote, and each precinct may send as many delegates as it may see fit.

8. The chairmen of the precinct committees shall preside at all precinct meetings. In their absence any other member of said committees may preside.

COUNTY AND DISTRICT CONVENTIONS

1. The several county conventions shall be entitled to elect to their senatorial, judicial and congressional conventions one delegate and one alternate for every fifty Democratic votes, and one delegate for fractions of over twenty-five Democratic votes cast at the last preceding gubernatorial election in their respective counties; and none but delegates or alternates so elected shall be entitled to a seat in said conventions: Provided, further, That in all county conventions in which delegates shall be selected to attend any State, congressional, judicial or other convention, a vote shall be taken in accordance with the plan of organization as to the candidates whose names may be presented to such county convention. The delegates shall be selected from the friends and supporters of each candidate voted for, in proportion to the number of votes he shall receive in such county convention and no other instruction shall be given: Provided further, That when only one candidate is presented and voted for at each county convention it shall be lawful to instruct for such candidate.

2. At every county convention (before delegates to State, congressional, judicial, senatorial or other conventions are chosen) there shall be a vote taken for the different candidates for office whose names may be presented and the delegates shall vote their respective counties in accordance with this vote, that is to say each candidate shall receive in the State, congressional, judicial, senatorial or other convention the proportion of the vote to which the county may be entitled which he received in the county convention. The chairman and secretary of the county convention shall certify to each convention the vote received by each candidate given: Provided, That where only one candidate is presented it shall be lawful to instruct for him. At all State and district conventions the delegates from the different counties may disregard the vote of their respective counties as to any candidate: Provided, That a two-thirds majority of all his votes from the county consent.

3. The chairman, or in his absence any member of the county, senatorial, judicial and congressional convention shall call to order their respective conventions and hold chairmanship thereof until the convention shall elect its chairman.

4. The executive committees of the senatorial, congressional and judicial districts, respectively, shall, at the call of their respective chairmen, meet at some time and place in their respective districts, and the chairmen of said respective committees shall immediately notify the chairmen of the different county executive committees of the said appointment and the said county executive committee shall forthwith call conventions of their respective counties in conformity to said notice to send delegates to said respective district conventions.

STATE CONVENTIONS.

The State convention shall be composed of delegates appointed by the several county conventions. Each county shall be entitled to elect one delegate and one alternate for every one hundred and fifty Democratic votes and one delegate for fractions over seventy-five Democratic votes cast therein at the last preceding gubernatorial election; and none but delegates or alternates so elected shall be entitled to seats in said convention: Provided, That every county shall have at least one vote in the convention.

Resolution passed at meeting of executive committee, November 30, 1897:

"*Resolved*, That in accordance with the resolution hereinbefore adopted, all white electors who intend to vote with us in the next election, and who desire the re-establishment of Anglo-Saxon supremacy and honest government in North Carolina are cordially invited to participate in all our primaries and conventions."

GENERAL RULES.

1. At all conventions the delegates shall be selected as near as may be from the friends and supporters of the candidates voted for.

2. Such delegates—or alternates of absent delegates—as may be present at any Democratic convention shall be allowed to cast the whole vote to which their precinct or county may be entitled.

3. In all conventions provided for by this system, after a vote is cast, there shall be no change in such votes until the final result of the ballot shall be announced by the chairman of said convention.

4. All Democratic executive committees shall have the power to fill any vacancies occurring in their respective bodies.

5. The chairmen of the different county conventions shall certify the list of delegates and alternates of the different district and State conventions, and a certified list of said delegates and alternates to the secretary of the State central committee.

6. It shall be the duty of the county committee and its chairman to furnish such information and make such reports to the chairman of the State committee as he may desire.

F. M. SIMMONS,
Chairman State Democratic Executive Committee.
P. M. PEARSALL, Secretary.

IS YELLOW POISON

in your blood? Physicians call it Malarial Germ. It can be seen changing red blood yellow under microscope. It works day and night. First, it turns your complexion yellow. Chilly, aching sensations creep down your backbone. You feel weak and worthless.

ROBERTS' CHILL TONIC

will stop the trouble now. It enters the blood at once and drives out the yellow poison. If neglected and when Chills, Fevers, Night-Sweats and a general break-down come later on, Roberts' Tonic will cure you then—but why wait? Prevent future sickness. The manufacturers know all about this yellow poison and have perfected Roberts' Tonic to drive it out, nourish your system, restore appetite, purify the blood, prevent and cure Chills, Fevers and Malaria. It has cured thousands—It will cure you, or your money back. This is fair. Try it. Price, 25 cents.

WILMINGTON, N. C.

THURSDAY MORNING, JUNE 12.

RECIPROCITY BETWEEN THE U. S. AND CUBA.

Testimony of F. B. Thurber Before the Senate Committee on Relations With Cuba Caused a Sensation.

By Telegraph to the Morning Star.

WASHINGTON, June 11.—F. B. Thurber, president of the Export Association, the witness who has been wanted by the Committee on Cuban Relations, was before the committee to-day. Senator Teller produced a copy of a voucher for $2,380, showing that that sum had been paid by the military government of Cuba by authority of Governor Wood to the United States Export Association, of which Thurber is president. Thurber acknowledged that he had received the amount and said it was one of three payments he had received from the same source.

The witness said he had circulated a large number of circulars in the interest of a reduction of the duty on Cuban sugar and he submitted specimens of some of them. Being asked by Senator Teller who paid the expense incident to the circulation of this literature, the witness replied that the Cuban committee had paid the larger part of it and that members of the association had paid part of it. All told, he thought that $20,000 worth of literature had been circulated in the interest of Cuba in the United States.

Asked what was meant by the phrase "leaders of thought," in his bill to the Cuban government, Mr. Thurber said that he had a list of 80,000 paople in the United States who "represent something," to whom this literature was sent.

In reply to a question by Mr. Mailer as to whether he had consulted Mr. Havemeyer of the Sugar Trust in the preparation of the literature, Mr. Thurber said that had solicited a subscription from Mr. Havemeyer and had received $2,500 from that gentleman.

Caused a Sensation.

The testimony given to-day before the committee on Cuban Relations, showing that between $8,000 and $9,000 had been paid out of the Cuban treasury under the direction of Governor General Wood for the promotion of the effort to secure reciprocity between the United States and Cuba caused a sensation in the Senate to-day. The news of Mr. Thurber's statement was received in the Senate about the time that that body convened and when Senator Teller, whose examination had developed the facts, made his appearance upon the floor, he was immediately surrounded by Senators from both sides of the chamber who professed great anxiety to know all that had occurred. Copies of the one voucher produced were eagerly sought and the demand was not satisfied until forty or fifty copies had been typewritten and circulated in the Senate chamber.

Opinions as to the ultimate effect of the testimony are as varied as the predilections and prejudices of the Senate but the imediate results are seen in the decisions reached this afternoon to have two caucusses in the early future.

The beet sugar Senators are undeniably more hopeful than they have been heretofore. Some of them profess to believe that the revelation will have the effect of at least calling a halt in the proceedings in the interest of reciprocity. They think the report made by Mr. Thurber will be accepted by the country as going to show that entirely too much interest has been manifested in the subject in Cuba.

LYNCHERS GOT THEM.

Negroes Who Murdered Miss Benson in Rowan County Hanged by Mob.

By Telegraph to the Morning Star.

CHARLOTTE, N. C., June 11.—The negro boys, Harrison and James Gillespie, aged respectively 16 and 14 years, who were under arrest charged with killing Cornelia Benson, on a farm in Rowan county Monday last, were taken from jail at Salisbury, N. C., early this morning and hanged to a tree in the railroad yards. Their bodies were then riddled with bullets. About fifty men composed the mob and all wore masks. The militia had been called out by authority of the Governor about midnight, but as every thing appeared quiet they had disbanded when the mob sudenly appeared and battered down the jail door. The negroes were in the attic of the jail but the mob readily found them and drove rapidly out of town, firing as it went. After lynching the negroes the mob quietly dispersed. The negroes admitted that they beat the young woman's brains out with rocks because she tried to make them leave her premises.

CANAL QUESTION IN THE SENATE.

Vote to Be Taken on the Nicaragua Bill Thursday, June 19th, at 3 P. M.

THE ELECTION OF SENATORS.

Proceedings in the House—The Pacific Cable Bill Disposed of by Striking Out the Enacting Clause--Some of the Arguments.

By Telegraph to the Morning Star.

WASHINGTON, June 11.—Just before adjournment to-day the Senate agreed to vote finally on the Nicaragua Canal bill and all pending amendments on Thursday, June 19th, the voting to begin at 3 P. M.

Before consideration of the canal question was resumed to-day the motion of Senator Wellington, of Maryland, to discharge the Committee on Privileges and Elections from further consideration of the resolution providing for the submission of an amendment to the constitution for the election of Senators by the people was defeated—21 to 35—after a sharp debate.

During the discussion Senator Vest, of Missouri, said he was anxious to have a square issue on the question presented, but he was opposed to the Depew amendment and was opposed to the resolution as it came from the House. He had been a Democrat for more than fifty years, but he was not in favor of the declarations in Democratic platforms for this resolution. He denied the right of any convention—State or national—to dictate how he should vote on any question. He was opposed to the pending resolution because he believed that when the time came for the people to be protected against their own ignorance and imbecility, it was a notice that popular government was a failure. He inclined to the belief that this was a plan adopted by adroit politicians to induce the people to believe that they were purer than some other people.

Senator Fairbanks, of Indiana, in a carefully considered speech, favored construction of the isthmian canal by the Panama route. Originally, he said, he had favored the Nicaragua route, but an investigation of the subject, coupled with the determination of the isthmian commission, had induced him to change his mind in favor of the Panama route. He argued that that route not only would be cheaper in the first instance, but cheaper in operation after the canal was constructed. He earnestly favored the construction of the canal and resented the intimation that those who favored the Panama route were in the least opposed to a canal.

House of Representatives.

The House to-day despatched the Corliss Pacific cable bill by the same method it adopted yesterday in the Forest Reserve bill. It struck out the enacting clause of the measure by a vote of 116 to 77, thus giving no opportunity to test the strength of the Dalzell substitute, which authorized the President to contract with a private company for the laying of a cable.

Mr. Richardson, of Alabama, referred at some length to the possibilities in the development of wireless telegraphy and argued that it would be unwise, on the threshold of the development of the new system, for the government to expend $15,000,000 or $20,000,000 for a submarine cable, which might be valueless in a few years. It was better, he insisted, to allow a private company to take whatever risk was involved.

Mr. Richardson then read the contract under the post roads act of 1896, which the Commercial Cable Company agreed to make with the secretary of the treasury covering the sale of the cable in case of necessity to the government, the control of the cable by the government in time of war, etc. He argued that these terms were in every way advantageous to the government.

Mr. Richardson declared that as an economic business proposition the government cable was not justifiable and he quoted from the Commerce Committee's reppri against a former bill of this kind, to the effect that the government cable would cost $15,000,000 and would chiefly benefit 800 foreigners and 100 American citizens. He read a letter from John McKay, of the Commercial Company, guaranteeing that the company would build an all-American cable and not touch upon foreign soil.

Mr. Adamson, of Georgia, made the motion to strike out the enacting clause. To prove that the Commercial Cable Company was proceeding with the work of construction of the cable it proposed to lay, he read a cablegram from London, dated to day and signed by G. E. Ward, vice president, certifying that 1,065 nautical miles of the cable to be laid between San Francisco and Honolulu had been completed and that the work was proceeding at the rate of 26 miles a day. The cablegram said that a steamer would leave with the cable for San Francisco before August 1.

Mr. Adamson said the bill was one of Mr. Cannon's mad dogs which should have its tail cut off just behind the ears.

STRIKE LEADERS ARRESTED.

Injunction Served Upon Marching Miners, Restraining Them from Entering Upon Companies' Plants.

By Telegraph to the Morning Star.

MONONGAH, W. VA., June 11.—The hundred and fifty striking miners who have been marching from plant to plant in this region since Sunday were served with injunctions late last night by the sheriff of the county. The injunction papers were issued against Thos. Haggerty, the leader, "Mother" Jones and a dozen other national organizers of the United Mine Workers, and makes every marcher liable. They are summoned to appear before the judge the last Monday in June. The injunction is sweeping and restrains the strikers from entering upon the companies' property, from congregating in large numbers near the companies' plants, or from threatening and intimidating employes of the operators.

Seven of the strike leaders were arrested here to-day and were taken to jail at Fairmont, charged with violating the circuit court injunctions. They had no difficulty in serving the warrants and no resistance was offered. Without a leader or supplies the 150 strikers who had been in the camp scattered and returned to their homes, many of them avowing their intention to return to work.

What you pay for extracts is important, but what you get for your money is ten times more important. Burnett's Vanilla costs more because it is worth more.

THE STRIKE SITUATION IN WEST VIRGINIA.

Everything Quiet—Twenty Per Cent. of the Force at Work in the Pocahontas Field—No Intimidation.

By Telegraph to the Morning Star.

ROANOKE, VA., June 11.—The following statement regarding the situation in the Pocahontas coal fields was furnished the Associated Press at noon to-day by the general offices of the Norfolk and Western railway:

"Our advices are to the effect that there are quite as many men at work in the mines this morning as on yesterday, which indicated that the force at work is at least 20 per cent. of the full number. Everything is quiet throughout the district. Only a few men are now about the fields who are actually on strike. A number of the men are still there who are not participating in the strike and large numbers have left the field during the past two days to avoid becoming involved in the strike. These men are all expected to return to work as soon as all the mines are in operation.

There is little or no work done in the Tug River field. The Thacker and Clinch valley fields are still working full forces with little indication, if any, that there will be a tie up in those districts."

The stories being sent out of some of the mining towns that quantities of ammunition and great numbers of Winchesters are being sent into the field are misleading in many respects. The men placed at the tunnels and bridges along the railroad to guard against violence are always armed and at the present time they have been reinforced in numbers. There has been no intimidation, but the strike agitators are still doing all they can to get the men to quit work.

Bramwell Conference.

BLUEFIELD, W. VA., June 11.—The Bramwell conference was called to order at 10.30 this morning by State Manager Farley, of the United Mine Workers. None of the operators was present. The conference adjourned at noon until 2 P. M., in order to await the arrival of several trains due there about that hour, so that all the operators would have an opportunity to be present. Nothing of importance was transacted at the morning session.

CLARKSBURG, W. VA., June 11—The strike situation assumes a more serious aspect. Several mines in this neighborhod are almost suspended. Two hundred men went out at Enterprise last night. Sheriff Flemming and a dozen deputies went to the scene, but the strikers were quiet and started on a march down the river. Many arrests have been made on the charge of threatening property and trespassing.

ANTHRACITE COAL MINERS.

President Mitchell Says the Strike is Complete and the Strikers Will Win.

By Telegraph to the Morning Star.

WILKESBARRE, June 11.—"Well, gentlemen, the anthracite strike is complete and we are going to win."

This emphatic statement was made to the assembled newspaper correspondents by President Mitchell in his office at strike headquarters this evening. Asked what he had to say regarding the correspondence between himself and the presidents of the coal carrying railroads, which control more than 80 per cent. of the authracite mines, he said:

"I have nothing to say now. We ask no better presentation of our case than the operators' statement makes for us."

With reference to the soft coal strike in West Virginia the National Labor leader had this to say:

"At present there are 28,500 mine workers on strike in the West Virginia field. Reports from Virginia, where there are 3,600 mine workers, are incomplete and I, therefore, cannot say anything as to the situation in that State. I think we will win that strike, too."

NEW YORK, June 11.—Carroll D. Wright, United States commissioner of labor, was in conference to-day with President Truesdale, of the Lackawanna, and President Fowler, of the O. & W. Later, Mr. Wright said:

"I am investigating those things in regard to the strike that the public does not know about and the solution of the question is not far off. I cannot say if there is any prospect of an immediate setilement of the strike."

INDIANS MASSACREED.

Nearly Two Hundred Men, Women and Children Killed by Mexicans.

By Telegraph to the Morning Star.

TUCSON, ARIZONA, June 11.—A prominent Arizona banker arrived here to-day from Prietas, Sonora, with details of a massacre of Yaqui Indians—men, women and children—yesterday, in Santa Rosa canon, thirty-five miles from the Monas Prietas mines, by a detachment of General Torres' troops.

It appears that the Yaqui forces that were operating in that section had moved further into the mountains, leaving their women and children in Santa Rosa canon under a guard of eighty men. The Mexican troops came upon this camp and without any warning opened a terrible fire, sparing neither women nor children. After the first volley the troops charged down upon the panic stricken victims and massacred all within their reach. Of the guard of eighty Yaquis not a single one survived, and more than a hundred women and children fell victims to the Mexican bullets and bayonets.

OUTLAWS SURROUNDED.

The Two Convicts Who Escaped from the Penitentiary at Salem, Ore.

By Telegraph to the Morning Star.

SALEM, ORE., June 11.—Governor Geer to-day called out a company of the National Guard and ordered it to Gervais, where Tracy and Merrill, the convicts who escaped from the penitentiary on Monday, after killing three guards and shooting a prisoner, are surrounded.

The convicts, heavily armed, are hiding in the woods two miles east of Gervais, a station on the Southern Pacific Railway, thirty miles south of Portland. Reinforcements have started both from Salem and Portland. Sheriff Durbin, who is leading a posse from here, intends to throw a cordon around the woods and make escape impossible, and starve the men out.

A report from Gervais says that a battle is in progress between the posse and the outlaws.

C. F. W. Neely, who on March 24th last was sentenced to ten years' imprisonment, and to pay a fine, for complicity in Cuban postal frauds, was released in Havana, under the bill signed by President Palma granting amnesty to all Americans convicted of crimes in Cuba during the term of the American occupation and those awaiting trial.

TORNADO SWEEPS ILLINOIS TOWNS.

Many Lives Were Lost and Some Forty or Fifty Persons Injured.

BUILDINGS WERE DEMOLISHED

Furious Electrical Display at Bloomington--Three Young Women Attending a Dance Killed—Double Storm at Peoria--Narrow Escapes

By Telegraph to the Morning Star.

BLOOMINGTON, ILL., June 11.—Stretching across a pathway one hundred miles in width and devastating a territory fully two hundred miles long, extending from Livingston county on the north to McCoupin county on the south, and leaving its mark clear across the face of central Illinois, a cyclone last night inflicted a property loss which will aggregate millions of dollars and cost many lives. The brunt of the storm fell upon McLean and adjoining counties. Lightning was incessant for two hours, but was marked by an absence of thunder claps. The wind reached a velocity of 100 miles an hour, and in its track were left destruction and death. The visitation was the worst ever recorded in the history of central Illinois. Almost complete interruption of telegraph and telephone lines for twelve hours has made it impossible to secure the full details of the disaster.

It is known that while the fatalities in McLean were but three in number, scores of persons were seriously injured and hundreds of narrow escapes from deaths were reported. Not a village or city of McLean county escaped, and from every district comes the same report of destroyed buildings, injury to growing crops and razed fruit and shade trees.

The aggregate loss in McLean, not including three lives at Merna, or thousands upon thousands of levelled shade and fruit trees, by a rough estimate, will be between $300,000 and $400,000.

Death and Destruction.

BLOOMINGTON, ILL., June 11.—Death and destruction followed in the wake of the tornado last night. The saddest feature was the killing of three young women who were attending a dance at the town hall of Merna, a small village ten miles east of this city.

There was a party of 250 young men and women at the dance in the hall when the tornado struck the building about 11 o'clock last night. Every body rushed for the doors. A number of young men held the doors to prevent the people from escaping, fearing that they might be injured or killed if they got outside. About half of them, however, escaped and then the building collapsed. The others were buried in the wreck. Three were killed and forty or fifty others more or less injured, some of them seriously. The dead are Miss Lena Jahagan, Mrs. Edward Martin and Miss Anna Kelly.

All are daughters of prominent farmers in the vicinity. The bodies were horribly mutilated by the heavy timbers. Quite a number of young men and women were taken from the ruins in an unconscious condition and some of them are still in that state and it is feared there may be other deaths.

Furious Electrical Display.

The storm reached Bloomington about 11 P. M., commencing with a furious electrical display. Rain accompanied the wind, and the business district suffered severely. Many plate glass windows were blown in and the stocks of goods were badly damaged. Hundreds of trees in the city were broken off at the trunks and streets are almost impassable. Buildings all over the city were badly damaged, but no lives were lost nor was any one seriously injured. A man standing on West Washington street was blown three hundred feet, but escaped with only bruises.

Double Storm at Peoria.

PEORIA, ILL., June 11.—The double storm that struck Peoria at 11 o'clock last night and again at 2 o'clock this morning, was the worst that central Illinois has experienced since 1843. Probably the worst damage in proportion to the size of the town, was at Kingston Mines, a small mining town twenty miles below Peoria. There were three persons killed outright and ten others injured, three fatally.

George Reardon, an employe of the electric company, was instantly killed this morning while repairing the storm damage at Glen Oak Park. He was caught by a live wire and died instantly. George Ashlook, another lineman, was seriously burned while attempting to extricate Reardon from the wire.

Caught by the Flood.

Shortly after 11 o'clock a report reached the police that the people living at Dry Run were in danger of drowning, as they had been caught by the flood. Row-boats were hauled to the scene at once and the police took twelve people from their homes. They were standing on pianos with the water almost to their necks.

All communication with the outside world was cut off for more than twelve hours, and it was almost noon to-day before a wire was secured between Peoria and Chicago and St. Louis.

Storm in Iowa.

CORWITH, IOWA, June 11.—A tornado struck an empty excursion train on the Iowa Central, five miles east of here last night and blew three cars from the track while the train was running thirty miles an hour, leaving the engine and the two last coaches on the track. No one was hurt.

A VIRGINIA TRAGEDY.

An Aged Widow in Franklin County Killed by Her Son.

By Telegraph to the Morning Star.

ROANOKE, VA., June 11.—Details reached here to-day of a tragedy in the mountains of Franklin county which terminated last night in the death of an aged widow, Mrs. Drusilla Moore, and it is alleged that she was killed by her son, John Moore. Moore went to his mother's home and accused her of trying to get his wife to leave him. After some words Moore struck his mother in the face with a glass dish and then beat her over the head with a chair, fracturing her skull and breaking her back. She died from the injuries last night. Mrs. Moore was 65 years of age.

Two car loads of striking miners passed through Roanoke, Va., yesterday en route home from the coal fields. In the afternoon a number of negroes from Eastern Virginia and a car load of Hungarians passed through en route to the coal fields.

THE DAVIS MEMORIAL ARCH.

Design Selected by the Committee of the United Daughters of the Confederacy. To Be Erected at Richmond.

By Telegraph to the Morning Star.

ATLANTA, GA., June 11.—The design for the Jefferson Davis memorial arch to be erected in Richmond, Va., which was submitted by Louis Albert Oudebrod and was accepted by a committee representing he United Daughters of the Confederacy and the Federation of Southern Memorial Societies, has been announced.

The design proposes an arch, Corinthian in style, to be constructed of Southern granite, having a height of sixty-five feet, a width of seventy feet and a breadth of twenty-four feet. The arch way is to be twenty-five feet wide and forty feet high in the clear. An inner stay will lead to the top of the arch. Upon the other end of the arch will be a bronze figure, the one representing "Fame," and the other the "Lost Cause." In the spandrels, two on each side of the arch, will be placed as reliefs, representing Glory, Truth, Justice and Valor. The thirteen seals in the attic will represent the Confederate States, the seal of Virginia being the centre. Upon low relief panels in the attic and in the archway, various tributes to the chieftain of the Confederacy will be inscribed.

CHARGED WITH HIGH TREASON.

Col. Arthur Lynch, Who Fought With the Boers, Arrested in England.

By Cable to the Morning Star.

LONDON, June 11.—Col. Arthur Lynch, who fought with the Boers in South Africa and who in November last was elected to represent Galway in the House of Commons, was arrested this morning on his arrival at New Haven from Dieppe, France.

Col Lynch, who was accompanied by his wife, was brought to London and was afterwards taken to the Bow police station. Subsequently Colonel Lynch was arraigned at the Bow Street police court on the charge of high treason and was remanded until Saturday, June 14th, after formal evidence of his arrest had been presented.

EFFECTS OF THE STRIKE.

Vessels Unable to Obtain Coal from the Dealers at Norfolk, Va.

By Telegraph to the Morning Star.

NORFOLK, VA., June 11.—The effect of the anthracite and soft coal strike has caused several vessels to leave Norfolk harbor light after they had come here for coal. To-day the schooner Jonathan Sawyer cleared for Stonington in ballast. She wanted a cargo of coal.

The tug boat business is in jeopardy. Only forty tons of coal could be secured to-day by the owner of a large fleet. He expects to suspend business to-morrow. Others experience the same trouble. The local coal dealers are unable to supply the demand.

How About That Tackle?

The blue birds are with us again. The streams and ponds are warming up. The fishermen should be looking up their outfits. Seeing if anything is wanted before the last minute.

As of old we are showing the finest things to tempt the fish kingdom and make the sport more sporty for the anglers.

Lines may be wanted; poles must be needed; hooks are very necessary, and in fact we have everything that is required to make a complete outfit.

To those that are interested in the sport, to those others that may not be so enthusiastic, we would consider it a favor to have all come in and look.

For WASHING
A GAS STOVE
For IRONING
there's nothing so satisfactory as a gas stove. You've none of that trouble with the fuel and the fire that used to make wash-day a veritable "Blue Monday."
No more "picked-up dinners" on wash-day.
gas heats the irons to perfection, but does not heat you. There's none of that superheated, enervating atmosphere that used to make "ironing day" dreaded.
With gas, ironing is a pleasant task.
